ABOUT US

Incepted in the year 2012, Shyam Steel Fastner is a time-honored organization engaged in exporting and supplying varied industrial fasteners such as hex bolts, hex nuts, plain washers, spring washers, and machine screws. In addition to these, we are also offering socket head cap screws, socket head grub screws, Philips head machine screws, self-tapping screws, and threaded studs. Our range of fasteners meets the varied application requirements of industries, where environmental and corrosion resistance is of paramount importance like electrical towers, furnaces, pharmaceutical industry and food & beverage industry, electronic equipment, structural plant, chemical industries, and marine.

We seek to supply anyone who requires stainless steel fasteners. Our stock range covers from the smallest to the largest for all types, in Metric and BSW threads and special products, made to Stainless Steel Studs order.

The fasteners offered by us are in compliance with BS, IS & DIN standards and thus, are known for corrosion resistance and durability. Our strong emphasis lies on quality and our entire range of fasteners is subject to stringent quality checks to ensure that the best and flawless product is delivered to the market offering maximum satisfaction to the end users. Further more, our wide distribution network enables us in meeting the demands of our clients in the market.
